

VÄLKOMMEN TILL GOTLAND – IDROTTENS Ö

# GOTLAND BADMINTON TOURNAMENT

## JULI 11–15, 2022

*It's finally time for Gotlandsspelen again! A warm welcome to Sweden's only international summer badminton tournament, which will now be held for the 35th year. We welcome everyone to Gotland and Visby during the nicest time of year!*

*Experience and enjoy countless possibilities of recreation including the sun, beaches, the sea and culture. Gotland is well known as one of Sweden's best entertainment attractions. Last time the games were visited by about 350 participants from 7 countries. A wide span of players, from professionals to amateurs, youth and veterans, all competed in the tournament. We hope the interest for the competition will be at least as high this year.*

Even this year Gotlandsspelen will be held in Wisby Rackethall. One of Sweden's most beautifully located gymnasiums with a breathtaking view of Baltic Sea. The arena is centrally located north of Visby old town. If you care to go for a swim nearby, Norderstrand or Gustafsvik, is within walking distance. Nearby the Rackethall there are jogging trails in very nice surroundings.

Take your family and friends along and enjoy a wonderful summer week on Gotland.

**FREE GUIDED TOUR IN VISBY!** Welcome to a free guided tour in the medieval town of Visby! You get to know more about Visby's old history, the medieval ring wall, culture and old legends. The guided tour is on foot for about 45 min.

Book at Destination Gotland in connection with booking your trip.

**BRING FAMILY AND FRIENDS** As a participant in an Island of sports-event you travel at favourable sporting rates, and so does your family and friends. When you are travelling to Gotland without being a participant in a sport event you can plan and book your travel, accomodation and package tours directly at [www.destinationgotland.se](http://www.destinationgotland.se)

## *Discover a different island*

*Gotland – A special place. In the middle of the Baltic Sea. Just a short trip from the Swedish mainland, but more exotic than you'd think. Thanks to the unique landscape, the excellent sandy beaches and the constant presence of the sea. As well as the exquisite light and the many hours of sunlight on the island.*

*And there's more – the rich cultural heritage and history of the island are visible and felt everywhere you go. The entertainment scene and the outdoor cafes contribute to a continental feel.*

*Most people associate Gotland with holidays, sun and water fun. We have fabulous waterfronts, and Gotland always comes near the top in Sweden for hours of sunshine in summer. The island has a lot more than that to offer, but it's undeniable that the seashore and water are key elements of many a summer holiday. And no one need be disappointed – everyone can find a favourite spot somewhere along the 800 km of Gotland's shoreline.*

**WE WISH YOU VERY WELCOME TO GOTLAND!**
